Mars, Neptune and Venus are all especially good influences on you today.

- Transiting Mars is conjunct your natal Venus, in Gemini in the 8th House.
- Transiting Neptune, retrograde in Aquarius in your 4th House, is sextile your natal Mars in Aries in the 6th House.
- Transiting Venus in Cancer in your 9th House forms an almost exact trine with your natal Chiron in Pisces in your 5th House.

All three transits indicate that today is a great day for you to work with people. It may be a good time to tie up any loose ends regarding ongoing business projects, but it's also a good time to just go out and make a good impression on friends and neighbors.

The transiting Mars-natal Venus conjunction indicates that your physical and sexual energies will probably be quite high today. If there is a lover in your life, today is a good day to spend time with them.

If there is not, then the combination of the Mars-Venus conjunction and transiting Neptune-natal Mars sextile indicates that beautifying your home or going and physically making something would be a good use of your energy today.

The transiting Venus-natal Chiron trine indicates that there is a good chance that there is some public event or performance you are in or are helping run; that's a great thing, because it will probably be well received today.
